

In 17.-19. October 2023 Dekonta CBRN participates in partnership with UKRSIZ in OILGASEXPO, Kyiv, Ukraine.

“OILGASEXPO” is the main meeting place for specialists of the oil and gas industry.

Trade fair participants: Ukrainian and foreign producers and suppliers of oil and gas equipment and technologies, oil and gas service companies, engineering companies, research organizations and other companies operating in the industry.

In 2023, within one cluster with "Power Engineering for Industry" and "Electro Install" trade shows, the XV International trade fair "EcoEnergy Expo" will be held. Today the trade fair enjoys the status of the largest industry event, the main meeting place for the engineering and energy sector elite, the entire electric power industry professional community of Ukraine and other countries.

DekontaCBRN invites all attendees to visit their **Booth No. B-5-3.**
